COURSE PLANNING – CAREER ACTION PLAN (MCP)

When selecting your VCE or VCE VM program it is important to think about what you might like to do in the future. If you set yourself some future goals you can start figuring out how to achieve them.

All students are required to have an up to date Career Action Plan. This is developed using My Career Portfolio Online a web based program that allows students to plan their journey each year for the duration of their secondary schooling.

Students intending to:

- complete a VCE, VET program or
- undertake VCE VM

MUST have completed their My Career Portfolio to a high standard.

Your PLAN will be an important factor in determining selection for these programs.

COMMUNICATE

Research can be time consuming especially if you are not sure about what you want to do. That's why we encourage you to start in Year 10. "Accessing your Allies" is a crucial part of your research.

Allies are people who can help you with your course and career exploration and planning. They could be:

- Understand your vocational pathway
- Take into account academic performance to date
- Recognise that planning is vital

Choosing your VCE Subjects

The ideal combination is made up of studies that:

- You've had success with
- You're good at
